

RAINBOW EQUUS MEADOWS

STALLION SERVICE CONTRACT FOR TRANSPORTED SEMEN

46 West Wise Road, Lincoln California 95648 Phone (916)645-1471 ~ Fax (916)645-9417

E-mail edgar@rainbowequus.com

I, _____ hereby confirm my reservation to the stallion _____ for the _____ season to breed the mare named _____.

Stud fee for breeding above named mare to this stallion is \$ _____ (includes a booking fee of \$477 which is non-refundable).

\$ _____ paid, Balance of \$ _____ due prior to shipping semen. No semen will be shipped until the breeding is paid in full.

A uterine culture is recommended if you have: an older mare that was bred before, a mare that had a difficult birth/retained placenta, aborted last pregnancy or if you have any other reasons to be suspicious of her uterine health. We expect you to follow your veterinarian's recommendations.

I understand that my mare must be examined by a licensed veterinarian at about 18 and about 50 days after the last day bred and Rainbow Equus Meadows notified of her pregnancy status at that time or all live foal guarantees are null and void. A breeding certificate will be issued after your foals birth announcement.

The stallion owner assumes responsibility to deliver live semen in viable condition at the time of delivery to the approved shipping address. This semen must be administered by a licensed veterinarian or by a breeding technician approved by Rainbow Equus Meadows only to the mare named in this agreement. If semen shipments are used for a mare other than named in this agreement without approval from the stallion owner the standard posted breeding fee and completed contract will be due immediately. This approval constitutes a part of the contract and without it the live foal guarantee is null and void. The semen must be administered on the day of delivery or the stallion owner shall be considered to have fulfilled the contractual obligations and any guarantees in shall not apply.

In the event of death or the inability to produce and ship viable semen from the stallion contracted for this service Rainbow Equus Meadows will substitute this fresh semen agreement for either frozen semen from the same or fresh semen from another Rainbow Equus Meadows owned stallion of the mare owners choice.

It is absolutely essential that communication be established and maintained directly between the inseminating veterinarian and the breeding managers. The success of the transported semen program depends upon close cooperation.

This contract guarantees return privileges for the same mare during the course of Rainbow Equus Meadows breeding season (March 1st - September 1st). The mare owner is guaranteed return breeding privileges for two seasons following the initial breeding season. A second mare may be substituted with permission of the stallion owner. This contract is not transferable without written permission of stallion owner.

Should the mare not produce a live foal that stands, sucks and survives the first 30 days after birth, the mare owner shall be entitled to above-mentioned return privileges. This guarantee shall only apply if the stallion owner is notified within one week of the foal's death. A statement of details by a licensed veterinarian must follow within 10 days or the guarantee becomes null and void. This clause is also binding in case of abortion. If the mare resorbs her pregnancy, Rainbow Equus Meadows needs written verification of this fact from a veterinarian.

I understand that the mare owner shall assume all responsibility for the condition of the mare and shall bear all risk of loss or damage to the mare whether by death, disease, injury, infection or otherwise, and by any cause whatsoever, and therefore agrees to hold the stallion owner, keeper or agent harmless for any and all damages associated therewith.

Fees, collection and shipping procedures:

A valid credit card to pay for container, collection and shipping costs needs to be on file with Rainbow Equus Meadows prior to ordering semen. If the mare owner elects not to use a credit card a deposit is required. Each regular collection is \$97. Shipments ordered on the same day of shipment may be surcharged \$50 after 9 AM.

Mare owner understands that requests for semen must be made before 9 A.M. (Pacific time) via phone or via fax of the day of the requested semen shipment. Collections requested later for a same day of shipment will be surcharged \$50. Please inform your veterinarian of this time deadline so he/she can schedule examinations accordingly. **Fax communication is preferred as it gives both parties a record. Do not rely on email for orders!**

Approximate transportation costs are: Federal Express: \$55.00; Air Lines Counter to Counter: \$85.00; Courier Service to Airport: \$107.00. High quality disposable containers:\$27, will be used. They do not need to be returned and cost less to ship. Equitainers are available upon request.

Please fill out and return with a copy of your mare's papers so we can process your breeding certificate.

Registry/breedsociety you expect the foal to be registered with? _____

Address of mare owner,

Street: _____
